

Here is an updated version of the training calendar with locations.

I've received feedback from only 2 units since the first time this schedule went out and have adjusted the schedule for one of them. (If you've already responded, feel free to stop reading and delete)

So this is how it's laid out so far. Again, I can only give you what you need if you communicate with me. So if these days don't work for the majority of units in the area in which they are planned, Please tell me.

In addition, if there is training you see a need for but do not see listed, let me know. I can bring the request to the Council Training Cmte.

When checking out these dates, keep in mind your new position in the coming year.

Don't forget to scroll down to the bottom and check out the additional training dates.

Finally, remember that you must **pre**-register. For Cub Specifics & New Leader Essentials register with your District Training Chair.

For all other trainings, contact the Rainbow Council Service Center (815) 942-4450.
